now available!

Accessible at www.pmonline.ca, the **e-Edition** of the **Prairie Messenger** gives readers the opportunity to see a full version of the **Prairie Messenger** within 24 hours of publication.

The **Prairie Messenger** online version is available by paid subscription only. One of the advantages of this service is that the **Prairie Messenger** can be available to subscribers by Thursday morning, one day after publication, which is much earlier than the mailed edition. It is also less expensive for U.S. or foreign subscribers who pay high mailing costs and experience significant delays with delivery.

The one-year subscription fee for the e-Edition, no matter your location, is the same as for the print edition within Canada: **\$37 per year**. Some subscribers may wish to have both the print and e-Editions. The cost will be as follows:

One-year Subscription fee:	e-Edition only	e-Edition & printed copy	printed copy only
Within Canada:	\$37	\$47	\$37
United States:	\$37	\$136	\$126
Foreign:	\$37	\$162	\$152

When your name has been entered as a subscriber, you will receive an email with a link and instructions to enable you to create your own username and password for secure access to your e-Edition.
